## **Andrew Limmer**

Ducks Unlimited—Regional Director AZ/NM

I was raised in Green Bay Wisconsin where I learned to appreciate the value of wetlands and their associated habitats. As duck hunting became my main hobby through college I began to realize the importance of protecting the places we love to hunt-not just for the ducks but for the benefit they give all people. Spending more time outdoors became our main priority which brought us to Arizona so we can enjoy year round activities outdoors. My wife Taylor, daughter Zoe & black lab Chief have resided in Estrella Mountain Ranch since January of 2022.
