Scholastic Action Shooting Program -Western Region Field Representative

I have been involved in youth firearms safety and training for almost 30 years. I spent 10 years involved with the NRA Whittington Center youth Adventure Camp program and am now with the Scholastic Shooting Sports Foundation. I also am involved with the Boy Scouts of America

The Scholastic Action Shooting Program is a feeder sport to the U.S. Olympic shooting teams. My shooting teams organize and offer the NSSF First Shots program to the general public several times each year.

Awards: Boy Scouts Silver Beaver
